SHOPPE OBJECT

Winds of Change

This Shoppe Object marks our fifth anniversary – five years since we first gathered at the old H&H Bagel Factory on 46th Street after three short months of planning, and five years since those early Shoppe pioneers coalesced as an intentional community of merchants and makers, connected in ethos by our reverence for the well-made and an entrepreneurial belief in nothing ventured, nothing gained. 26 of those brands are on the show floor today, among 500+ more of the best Home & Gift brands from around the globe – not to mention the many more on Shoppe Online. As we head into our next chapter, continuing our journey to expand our offerings here in New York, we are also embarking on a brand-new adventure: the launch of Shoppe High Point at High Point Market in North Carolina this October. We are maturing, yes – growing and changing, always – but today we are feeling celebratory (and a bit misty eyed) about our roots. Thank you to the trailblazers who helped us find our feet during that very first market, and who stand proudly with us again this season. We love you. Onwards!

how to SHOPPE ONLINE at the show

Shope Object is fully integrated with our online marketplace, Shope Online, making your buying experience – before, during, and after the show – seamless and simple.

- Shope Online features brand profiles for every SO brand, as well as product information and wholesale pricing, so buying is easy, anytime and anywhere.

- To browse or place an order, you first need to be signed in to your account on Shope Online on your phone.

- Use your camera to scan a brand's QR code, which is displayed on a sign at their booth and on the sales representative's badge.

- By scanning a QR code, you add that brand to your Shope Online profile in a section called "Seen at Shope Object". This section serves as a digital catalog of all the brands you liked – complete with contact information and pricing – so you can continue browsing and buying after the show.

ARTIST OF THE SEASON

RUBY BATEMAN

Working from England's South West countryside, this summer's Artist of the Season mixes the mystical, the maternal, and the classical to create romantic works in delicious palettes. From her mesmerizing line drawings in rich brown ink to the captivating, earthy hues of her paintings, Ruby creates a world of color and pattern all her own. She also teaches, sharing the philosophy so evident in her own work – that good art is about the artist's joy and authenticity – in drawing workshops both online and in person. Meet Ruby and shop an exhibition of her beautiful work here at the show – you can find her and her paintings in The Pass between the Riverside and Cityside Pavilions.

Shoppe Object's Black Lives Matter Action Initiative seeks to foster a more representative home and gift market by sponsoring a cohort of talented Black designers and business-owners each season. This summer's lines include hand-blown glass, CBD teas, colorful home décor, and more. Get to know the brands here and find them on the show floor (and on Shoppe Online!) to shop their wares.

GLOBAL ARTISAN PROJECT

Created in partnership with ByHand and back for its second season, this exciting section features global goods from brands dedicated to preserving craft techniques, supporting artisan communities, and promoting the magical beauty of the handmade. Find The Global Artisan Project in booths F102 - F108 of the Riverside Pavilion.

THE COLOR CONDITION

Two friends, Sunny Sliger and Marianne Newsom, collaborate to create vibrant, interactive installations of streamers for galleries, events, public spaces ... pretty much anywhere that could use a boost of fun and beauty. Their fascination with color, pattern, and movement has led to experiments with different fabrics, each dancing with the environment in its own way. See their extravagantly lovely work trimming the walls and ceilings of Shoppe Object and on their Instagram — @thecolorcondition.

FREE BREAKFAST!

Can't Shoppe on an empty stomach! Enjoy complimentary breakfast at the Shoppe Café (upstairs on the mezzanine of the Riverside Pavilion) before the show starts each morning. Please present your badge for entry.

SHUTTLES!

A shuttle service will travel each day of the show between the Javits Center and Shoppe Object at Pier 36, departing each location approximately every 30 minutes between 9am and 6pm. Shuttles will pick up directly in front of Pier 36 and on West 34th Street between 11th Avenue and Hudson Blvd East (in front of the 7 Train Subway Exit). A Shoppe Object sign and attendant will be stationed in front of the bus on West 34th Street for easy spotting. *Ask at the front desk if you'd like more info.*
